**Surcharge for Extended Hours**

During those hours designated as extended hours above and in emergencies, a surcharge of **ten dollars (\$10.00) per load** shall be assessed in addition to all other normal fees to help defray expenses associated with the City's treatment plant operators being interrupted from their normal course of work to log in and accept the incoming waste load in the special circumstances. To minimize the lost time the hauler shall telephone the City's treatment facility operator on duty at

1 least thirty (30) minutes in advance of arriving at the Liquid Waste Dump Station Facilities, or

15 otherwise processed as described above and that are deemed acceptable for regular  
16 treatment through the entire treatment facility.
- 17 (e) The disposal fees set forth above apply to the type of waste processing used, rather  
18 than to the type of Special Waste received. The City reserves the right to reroute any  
19 Special Waste to the type of waste processing it deems most appropriate and to  
20 charge the applicable disposal fee for the type of waste processing selected.
- 21 (f) Sales tax, if applicable, shall be assessed on the sum of all fees, including any  
22 surcharge.
